

Container 400kW power generation

At MODS, we design and fabricate high-performance generator and power units built from shipping containers. Our solutions provide reliable energy generation and storage for industries, construction ...

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% ...

The main products include energy storage power supply, diesel power stations, gas power stations, trailer power stations, container power stations, flood prevention emergency pumps, integrated ...

With our genset containers offer optimal performance in various site conditions. By maintaining high-quality standards for both the engine and the complete containerized power plant package, we ...

Delivering 200 kW of power and 400 kWh of energy capacity, the Cummins C400B5ZE is designed for medium-scale energy requirements. It is housed in a compact 10-foot ISO standard container, ...

Our Tier 4 solution is simple -- and versatile enough that the entire kW spectrum of this line is powered by the same solution. This not only ensures consistent efficiency and quality across your fleet, but it ...

The BESS Series, offered in three sizes, meets diverse energy demands. The largest model features a 1MWh battery and a 400kW inverter, all housed in a 20-foot container. Efficient and responsive, it ...

Our factory-packaged containerized generator sets are designed to address these challenges comprehensively. They offer a reduced footprint, improved ease of transportation and significantly ...

Let's be honest - when you hear "400kW container energy storage cabinet," you might picture a giant steel lunchbox for electrons. But this unassuming powerhouse is rewriting the rules of energy ...

our eco-friendly GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability. each power container is engineered to meet specific application ...
