

Customized 30kW Communication Power Supply Rack

The PCL series 30kW high power programmable 400 amp DC power supply are built into a 6U 19-inch standard chassis. Regular output ranges of 30kW programmable dc power supply are 30V 1000A ...

Choose from a variety of models and configurations to suit your specific requirements and budget. Upgrade your setup with BridgeCom Systems" rack-mount power supplies and experience peace of ...

Matsusada Precision offers a comprehensive lineup of high-performance Rack Mount DC Power Supplies and Programmable DC Power Supplies engineered for compactness, low noise, and high ...

Output power levels cover 30kW, 45kW, 60kW and 90kW in a 23U Rack System profile, offer low-noise performance and have Output voltage ratings from 10V to 1500V (and Output current ratings up to ...

High adaptability for load, it can connect full inductive load or capacitive load. Explore our carefully curated selection of related products below to discover smarter, seamless solutions designed to ...

TWS-series (30kW-100kW) programmable DC power supplies offer wide output ranges in compact 3U rack-mount design. Supports RS232/RS485 with ModBus-RTU, remote sensing, analog control, ...

The Aegis Power System rack mount products can be modified to meet exact customer requirements including single or multiple outputs with various power ratings and voltages.

Find rack mount DC power supplies for ATE, EV, and industrial test systems. Scalable, programmable, and ready for automation with remote interfaces.

The highly efficient power electronics system for rack mounting from Phoenix Contact features a high degree of investment security. It enables the cost-effective operation of your DC charging ...

The PCL series are high power output Switching DC power supply with rated power from 1.2kW to 60KW. The PCL series adopts ZVZCS PWM technology, which greatly reduces switching ...
