

Guyana Monocrystalline solar Panel Company

The Fenix Solar panel is a custom-built 15W peak mono-crystalline solar panel specially designed for use with the ReadySet Power System. It can fully charge the ReadySet in just 8-10 hours of full sun.

Solar Direct was established in 2013 and has become a major supplier of quality residential and commercial solar and backup systems at the most affordable prices in Guyana.

We offer complete solar power solutions for homes and businesses across Guyana. Our experienced solar installers provide custom solar systems using reliable, proven solar components from leading brands.

All our Solar Panels are made from monocrystalline silicon, which make them the most efficient and highest quality of solar panels on the market available today.
