

Kenya has reaffirmed its commitment to accelerating solar energy deployment and energy storage integration as Intersolar Africa 2026 Exhibition and Conference officially opened on Tuesday, ...

Kenya is accelerating solar energy deployment and energy storage integration as Intersolar Africa 2026 officially opened in Nairobi, bringing together policymakers, investors, developers, ...

Kenya energy sector faces grid instability as solar growth outpaces storage capacity, while vandalism and infrastructure challenges continue to threaten reliable power supply.

Kenya has reaffirmed its commitment to accelerating solar energy deployment and integrating energy storage systems as part of efforts to strengthen grid reliability and meet rising ...

NAIROBI, Kenya, Feb 3 - Kenya has renewed its call for faster deployment of solar energy and battery storage as Intersolar Africa 2026 officially opened at the Sarit Expo Centre in Nairobi, ...

With the right mix of policy, innovation, and investment, it can become a continental leader in energy storage too. BESS can not only stabilise the grid but also accelerate investments ...

The BESS project has been identified as a possible solution to increased proportion of intermittent energy to the Kenyan power system and energy curtailment during off peak hours. The ...

Kenya Electricity Generating Company (KenGen) is powering forward with its green energy ambitions, officially launching the prequalification process for a 42.5 MWac solar PV plant ...

While KenGen's BESS project shows how storage can help with reliability, a country aiming to run entirely on renewable energy by 2050 will need not just dozens but possibly hundreds ...
