

In the decade that scientists have been toying with perovskite solar technology, it has continued to best its own efficiency records, which measure how much of the sunlight that hits the cell...

Discover 2025's latest solar panel tech, from perovskite tandems to bifacial panels, and what's next for solar energy.

We explore the nine most exciting developments in the solar industry in 2025, from indoor solar panels to "two-for-one" fission.

Weekend of derbies present latest chance to make predictions and win Play Zone points

In this blog, we explore the latest breakthroughs in solar panel technology that are reshaping the renewable energy landscape. ? 1. Perovskite Solar Cells: The Next-Gen Powerhouses.

The FIFA World Cup 2026, the inaugural Women's Champions Cup, youth tournaments at U-20 and U-17 level, and the Intercontinental Cup are all on the agenda.

Learn how perovskite tandem solar cells combine silicon and perovskites to absorb more light and produce more electricity. Find out which ...

He is the latest Dutchman to lead Indonesia's FIFA World Cup(TM) 26 qualifying bid, joining new head coach Kluyvert and assistants Alex Pastoor and Denny Landzaat.

In recent decades, solar panel technology has evolved significantly, allowing for remarkable innovation. Advances include greater solar cell efficiency, the introduction of new and ...

European qualifying began in March 2025 A record sixteen teams will reach FIFA World Cup 26 Click here for all the latest news on UEFA qualifying

Erling Haaland, Robert Lewandowski, Lionel Messi, Cristiano Ronaldo, Lamine Yamal feature as FIFA spotlights the records being pursued this year.

In this blog, we'll explore the latest advancements like TOPCon solar technology, Mono PERC panels, bifacial solar panels, and 625W solar modules, all setting new benchmarks in efficiency and ...

As the year draws to a close, take a look back through a selection of the best images from FIFA's tournaments.

Latest solar panel technology

FIFA relives the tournaments which thrilled fans worldwide and celebrates the triumphant teams and players.

The FIFA U-20 World Cup(TM) will be back for its 24th edition. Twelve nations have lifted the trophy before, the latest being Uruguay in 2023.

Solar technology is evolving quickly. Our 2025 guide explains the latest advances like TOPCon, HJT, and back contact panels. Learn how each performs in efficiency, durability, and real ...
