

Longi 545 photovoltaic panel parameters

LONGi module product model comparison to help you quickly make product selections.

LONGi reserves the right of final No.8369 Shangyuan Road, Xi'an Economic And Technological Development Zone, Xi'an, Shaanxi, China.

Simply put, it's a standardized document created by the manufacturer (Longi) that outlines all the essential technical specifications of their 545-watt solar panel. Think of it as the panel's resume - it ...

The Longi 545W LR5-72HPH 545 solar panel is a monocrystalline module with 545W output and 144 cells (6x24) from Longi, one of the leading manufacturers in the global photovoltaic industry.

The Longi 545w solar panel is a high-power solar panel designed for large-scale commercial and utility projects. With a maximum power output of up to 545 watts, it can generate more ...

Greentech Renewables supplies LONGi Solar 545W 144 Half-Cell 1500V Silver Bifacial Solar Panel, LR5-72HBD-545M and other pre-qualified solar equipment from LONGi Solar through our extensive ...

Greentech Renewables supplies LONGi Solar 545W 144 Half-Cell 1500V Silver ...

When you're looking for the latest and most efficient Longi 545 photovoltaic panel parameters for your PV project, our website offers a comprehensive selection of cutting-edge products designed to meet ...

With a power output range of 535W to 555W, this panel offers a high-efficiency solution for ultra-large power plants. It is designed to deliver superior bifacial energy yield, ensuring long-term reliability ...

Designed by LONGi, this high-performance module is optimized for commercial and industrial installations. The half-cut cell technology reduces shading loss and enhances energy output, making ...
