

# Solar power generation company recruits people

Who runs the energy transition survey?

In partnership with Energy Jobline, we run an "energy transition" survey to gauge workers' sentiments on the evolving energy industry. We keep up to date with industry trends and people movement.

What does a senior solar installer do?

A leading renewable energy firm in Nassau tasked us with sourcing a Senior Solar Installer to lead solar projects across the Caribbean. The role required experience in installing grid-tied, battery, and hybrid solar systems, along with team management and hands-on installation.

How will the solar industry change in 2050?

The industry is changing fast. Solar jobs will account for almost half of the 42 million renewable jobs predicted by IRENA (the International Renewable Energy Agency) in 2050. Airswift understands the challenges facing the sector, and our dedicated team of consultants is able to support clients throughout the whole project lifecycle.
