

Wholesale price of photovoltaic inverter

Where to buy solar inverter?

Inverter.com online store provides a complete range of solar inverters for your photovoltaic system including on grid inverter (grid tie inverter), off grid inverter, micro inverter and solar pump inverter with lower cost. Choose inverter.com to buy your solar inverter benefit from the superior quality, best price and flexible delivery.

How much does a solar inverter cost?

For an average-sized installation, inverters typically range between \$1000 and \$1500. That cost can go up quickly though as the installation gets bigger. Each year, the National Renewable Energy Lab performs a cost benchmark of the solar industry, looking at average installation costs, inverter and panel costs, and a host of other related topics.
